Minutes of the HBHYC Directors meeting June 15, 2020

This telephone meeting began at 7:33 PM.

In attendance were Jim Frank, Jay Kikkawa, Kip Wasilewski and Bill Crutchlow.

This meeting was called to address safety issues which have emerged.

The state of NJ is permitting pools such as ours to re-open next week. The Board decided to open our pool Tuesday, 6/23. Our marina manager has been in contact with State officials about this opening. He will be sending all owners and tenants information about restrictions that must be followed, which obey guidelines imposed by the NJ State Department of Health.

The Board re-affirmed our decision to maximize the number of open restrooms. From Friday through Sunday evening until staff departure, four interior and four exterior restrooms will nominally be available. At other times the two northern outside units will be locked to discourage trespassing. Staff will continue enhanced sanitary restroom care as described in the last Board Minutes.

The meeting was adjourned at 8:06 PM.

The next meeting will take place 9:00AM Sun June 28, 2020.
