UPDATE to COVID -19 Club Status

Governor Murphy's "Stay at Home" order for N.J. Residents is still in effect. He has also ordered most retail businesses closed and prohibited all gatherings of people and social events. Although we can still go outside for recreational activities like walking or running, or to shop at an essential business, Gov. Murphy said people should continue to practice social distancing and remain six feet away from one another.

Although we are a private facility, HBHYC has taken certain actions in response to this order:

- The Office and upstairs Clubhouse will be closed and locked. The pool will remain out of service until the Governor provides guidance for opening pools for common use.
- The staff will maintain a normal presence at the facility. They will practice social distancing and use masks during work that requires working near each other.
- Bathrooms will be maintained and cleaned for members' use. Members should practice social distancing (maintaining >6 feet) or wear a mask. When entering the inside bathrooms wear a mask while in the entry hall area.
- All routinely contacted surfaces (doorknobs, phone, etc.) will be cleaned daily or more frequently during weekends using a 10% bleach solution or equivalent.
- Owners should contact the club by telephone; please do not enter the club office. Maintain social distancing when talking with the staff.
- Owners are requested to maintain social distancing. Social gatherings of non-family members should not occur. Do not enter the office, interact with staff by telephone or using social distancing practices.

Your boat and the club are your property. We request that you access your property in a manner consistent with the Governor's order and these restrictions.
